Dear Mary,

I want to thank you for your interest in and support of the Sun Valley Center Gallery artists. We think that you have a wonderful piece by Cynthia Snellman and we are so happy that you have made it part of your collection. She is having a one-person show opening up here March 24th in which she has made some incredible rugs you might like to see. We have them here now. Let us know if you would like us to send you any information, visuals, etc. on them.

I have included a simple confirmation of purchase for insurance identification purposes, as well as for your own records.

Thank you again for your interest in our artists and your support of the Sun Valley Center for the Arts and Humanities.

Sincerely,

Marcelle Marsh
