Dear Mr. and Mrs. Kayser,

I am delighted that John Horejs painting "Wildflower Garden" worked in your home so perfectly. I think it is a special advantage to be able to work with the artist directly and Mr. Horejs is extremely accessible and helpful in that matter.

I have enclosed a resume on Mr. Horejs and a billing receipt for the piece.

I thank you for your support and help with a fine artist.

Sincerely,

A handwritten signature in dark ink, appearing to read "Christine N. Cole". The signature is fluid and cursive, with the first name being the most prominent.
