Dear Don and Mary,

I am happy to present the enclosed proposal for a wall sculpture for your enclosed swimming pool area.

The specifications for this wall sculpture are as follows:

Metal: Type 304 or 316L stainless steel
25 gauge (.025) or heavier

Fasteners: Type 304 or 18-8 stainless steel pop rivets
WelcoHarris 45% silver brazing solder

Paint: *#615S "Veri Prime" - self etching primer
*Sherwin Williams "Ultra Fill" - #543, acrylic primer/surfacer
*Sherwin Williams "Acrylyd" - acrylic enamel, two component automotive finish

I have also enclosed a schematic drawing showing the proposed mounting system.

If you have questions about this proposal, please let me know.

Sincerely,

Michael Zapponi

Dear Mary and Don,

Thanks so much for all of your support and hospitality! Both Michael and I felt the open house was successful; and we certainly couldn't have picked a more beautiful day. If it weren't for us, I'll bet you two would have strolled the golf course that afternoon. . . .

Michael felt he was able to talk with everyone who came by, without having to rush on to someone else. That one-on-one conversation is very important for establishing a rapport. We received glowing compliments from everyone on "**the abstract school.**"

Again, thanks for everything. As promised, I'm sending along your Certificate of Authenticity for the art work. I hope "**the abstract school**" continues to give you pleasure for many years!

Sincerely,

Karen
